CHERRI

cow family

McKees ASL Cherri 742 *x

Holy Cow!

That was my initial reaction the very first time I laid eyes on DJS Cherri 205 *x. She is one of the most powerful and overwhelming animals of any breed I have ever seen. She was an automatic champion for Crystal Steck in the 2003-2004 show season - Denver, Louisville, many state fairs, National Champion female and 2003-2004 ASA Show Female of the Year. Even more impressive is seeing her in the pasture. Very impressive to say the least. The Stecks raised a great one that now has produced two phenomenal heifer calves out of Solution *x. One of the most dominate young females ever with the dominant breeding bull Solution represents the greatness of these two genetic lines.

Polled. Flush her to Solution *x. She will duplicate the above two heifers genetics and put you in a higher tax bracket. A maternal sister to the \$42,000 CF Cherri Red 615 BS X ET *x heifer, Sullivan Farms purchased at the Cates Farms production Sale.
